Statement:

Dear District 35 Voter,

Running for office has been an incredible experience giving me the opportunity to visit with residents of our District. During this time, I have heard what you expect of someone serving District 35 as your Representative.

As a fifth-generation lifelong Alaskan born, raised, and educated in Petersburg, you can expect a grounded perspective of our region from your Representative. We can address our community's needs making our District and Southeast stronger and healthier.

Together We Must:

- Tackle transportation in our region by operating the most efficient ships in areas not accessible by roadways and build roads, where appropriate.
- Promote stability and growth for our fishing industries.
- Create sustainable jobs while strengthening our current economy.
- Ensure Alaskans have maximum benefit of all our resources while providing jobs for our families.
- Be prudent stewards by building a manageable State budget that includes economic development priorities, forward-funding education, supporting University/Voc-Tech programs in addition to saving for our future generations
- Explore new options to deliver affordable energy.

Our diverse District needs an elected official with a well-rounded Alaskan background speaking on their behalf. My lifelong residency in Alaska, desire to stay, experience throughout Southeast Alaska and passion to strengthen our region, provides a solid foundation allowing me to be a strong effective voice for you in Juneau.

Therefore, I respectfully ask for your vote. Together, we can tackle the issues and strengthen Southeast and Alaska.

Best Regards,

Steven Samuelson
